

STARSHIELD[®]
Smart Paints & Coatings

ABOUT US

Star Shield Technologies, a reliable name in Smart Paints and Coating, commenced by the visionary people having prior experience, has succeeded in creating solution to the most critical & day-to-day problems related to Paints & Coatings.

Our intense research has enabled us to solve the issues of heat, water & dust. The incapability of regular paints to solve the issues of dampness, leakage, seepage, etc., is dealt smartly by Star Shield ensuring high performance benefits. Moreover, it employs Nano Technology providing unique protection from Viruses & Microbes. In addition, we offer specialized solution to need based products for the toughest problems in various domains apart from enhancing décor of the interiors.

ACHIEVEMENTS

We have manufactured a range of Smart Paints and Coatings for surface protection that too with Smart functionality like Protection from Heat, Water, Dust, Corrosion & Virus

- ✓ Indo-European Technology
- ✓ Presence in 6 Countries
- ✓ Exports in 30+ Countries
- ✓ Range of 70+ revolutionary products
- ✓ Registration & Certifications with 40+ global organizations
- ✓ Filed 10+ claims in National & Global Patents
- ✓ Trust of 3000+ National & Global clients
- ✓ In house Research & Testing Lab
- ✓ Follows global standards like ASTM (American), EN (European), ISO & AOAC Test Standards
- ✓ 45+ articles in International Journals

Developed, Europe's 1st Certified Anti-Viral Nano Material "Star Virus Shield" that kills "Corona Virus" within 30 Seconds

INFRASTRUCTURE

We, at StarShield, employ state of the art technology and methodology to infuse innovation and novelty in our products. Our Factory, located in urban area & well equipped with modern machines and equipments, adheres religiously to quality metrics, well manifested by certifications and reports.

RESEARCH & DEVELOPMENT

We have a dedicated Research and development team focused on developing unique products solving common & crucial problems in the domain of Paints and coatings.

The team aims at inventing wonderful products with the fusion of technology and experience to meet customers' needs and aspirations. With our nano modified Paints and Coatings, we are capable of producing tailor made products at large scale.
